## **OSFLOW<sup>®</sup> INVENTOR JÜRGEN LÜTKE-WENNING IS COMING TO NAPLES.**

***OSFLOW<sup>®</sup> is a world novelty in the Golf and Wellness market. The device helps to improve balance and flexibility and removes muscle tensions and pain.***

Jürgen Lütke-Wenning, the OSFLOW<sup>®</sup> inventor from Germany is coming to Southwest Florida. Jürgen is a famous doctor in Physical Therapy and a Master in Taijij. Together with the OsflowUSA Distribution LLC, Jürgen Lütke-Wenning will conduct high profile workshops from October 20<sup>th</sup> until October 24<sup>th</sup> 2014 in several country- and fitness clubs in the Naples area.

The OSFLOW<sup>®</sup> is an oscillation wellness platform and has the potential to be a life changer. It relaxes muscles and removes muscle tensions; it improves balance and flexibility, a key in your golf and tennis swing and for everybody living a healthy life.

*"I have been using the OSFLOW<sup>®</sup> device daily for over 12 months now and have experienced substantial back pain relief and radically improved balance and flexibility,"* says Tom Patri, one of Golf Magazine's Top 100 Teachers in America. Tom goes on to say, *"Your ability to balance yourself as well as your range of motion are vital cornerstones to golf performance!"*

The OSFLOW<sup>®</sup> device helps you work on your balance and flexibility consistently and properly and will increase your range of motion, your power and ultimately... help you reduce your handicap.

*"Perhaps just as importantly, the OSFLOW<sup>®</sup> oscillation platform will help you to reduce the occurrence of those nagging injuries that so many golfers must endure,"* says Dr. Sean M. Wells, DPT, OCS, ATC/L, CSCS, NSCA-CPT, Doctor of Physical Therapy at Naples Personal Training, and user of the OSFLOW<sup>®</sup> with his clients for more than 8 months.

*“We will organize with Jürgen Lütke-Wenning, the German inventor several high profile events in Golf & Country Clubs in the Naples area, where members can learn more about the benefits and experience this unique device first hand,”* says Judith Rudolf [jrudolf@osflowusa.com](mailto:jrudolf@osflowusa.com), importer for the OSFLOW®.

Here are the dates: Monday 20<sup>th</sup> October, Quail Creek (2-4pm), Tuesday 21<sup>st</sup> October, Grey Oaks (8 - 11:30am), Body Crafters (2-4pm), Wednesday 22<sup>nd</sup> October, Shadow Woods 9-11am, Thursday 23<sup>rd</sup> October Colliers Reserve (2-4pm), Friday 24<sup>th</sup> October Imperial Golf Club (8-11am). If interested, please sign up at [jrudolf@osflowusa.com](mailto:jrudolf@osflowusa.com).

Balance and flexibility are integral to a solid, controlled golf swing that can be honed to produce an accurate shot. Balance training helps you build control over your body and improves your swing. Flexibility is extremely important too, as it determines your maximum/minimum range of motion through your swing.

About OsflowUSA Distribution LLC:

OsflowUSA Distribution LLC, founded in 2013, as the sole importer of the OSFLOW® device. OSFLOW® is imported from Germany and is available all over Europe. Judith Rudolf, Swiss and owner of OsflowUSA Distribution LLC, located in North Naples, FL first encountered the device when her brother in law with Parkinson’s Disease was using it. She then learned more about the device, the multiple benefits and thought this will help many people here in Southwest Florida, including golfers. That was when she imported the first 10 devices into the US. After talking to some leading industry experts, the Florida Physical Therapists in Private Practice, FLPTPP endorsed the OSFLOW® device because of its functionality and positive benefits for its users. OsflowUSA Distribution LLC is working to build nationwide distribution over time and to create job opportunities here in Naples, FL.
